I've got you under my skin  
I have got you deep in the heart of me  
You're so deep in my heart, that you're really a part of  
me  
And I've got you under my skin

I've tried so not to give in  
You know I said to myself, ?This affair ain't gonna go  
so well?  
Oh but why should I try to resist, when baby, I know so  
well  
That I've got you way under my skin

I would sacrifice anything come what might  
For the sake of having you near  
In spite of a warning voice that comes in the night  
And repeats in my ear

Don't you know you fool, you never can win  
Use your mentality, step up to reality  
But each time I do, just the thought of you  
Makes me stop before I begin  
'Cause I've got you, you're under my skin

I'd sacrifice anything come what might  
For the sake of having you near  
In spite of a warning voice that comes in the night  
And repeats, how it yells in these ears

Don't you know you fool, no chance to win  
Why not use your mentality, wake up, step up to reality  
But each time I do, just the thought of you  
Makes me stop just before I begin  
Because I've got you under my skin

And I love you under my skin
