Night's like a fire flash  
In a far off corner blast  
Hands held I can feel your life  
Tonight I'm playing like Johnny Cash

I'm gonna play in the key of Cash  
It's all about the way I feel at last  
And I'm gonna take you there real fast  
I'm gonna let these guitars blast  
I'm gonna sing in the key of Cash  
In the key of Cash

I'm gonna be like Johnny Cash  
I'm gonna wear the black sir man  
Not a be good Johnny Task  
I'm gonna blast in the ways of Cash

I've got rhythm and I've got soul  
I've got songs and a road to hold  
I've got a hun and a rockin' chair  
I've got a child who really cares
