I never knew that it could be so good
the touch of your hand of your embrace
i like the cloths you wear
the color of your hair
it highlights the beauty of your face

don't stop what your doing to me
there's no other place that I'd rather be
your the one
the one for me
don't ever let go
of how i want you to know

straight from my heart
i want to tell you i love everything about you
straight from my heart,
i want to tell you i don't want to be without you

the magics that there is with me all the time
where ever i go, i'll take you there

don't stop what your doing to me
there's no other place that I'd rather be
my soul's on fire
when your here next to me
don't ever let go
how i want you to know

straight from my heart
i want to tell you i love everything about you
straight from my heart,
i want to tell you i don't want to be without you
straight from my heart

we always live another perfect day
you always give
more than a reason to stay
I thank you
straight from my heart

straight from my heart

i want to tell you i love everything about you
(straight from my heart)
straight from my heart,
i want to tell you i don't want to be without you

(straight from my heart)
straight from my heart
i want to tell you i love everything about you
(straight from my heart)
straight from my heart,
i want to tell you i don't want to be without you

(straight from my heart)
straight from my heart
i want to tell you i love everything about you
(straight from my heart)
straight from my heart,
i want to tell you i don't want to be without you
(straight from my heart)
