Don't shed a tear
It's almost over now
It's what you fear
Will come true somehow
Try not to think
Because the pain will go away
Let's hope it's not too late

Cause you were always right
And I was always wrong
I never thought this night
Could ever last so long
You taught me how to breathe
And not to gasp for air
Pretend that you don't mind
But I know that you care

Goodbye
It's time for me to go
On with my life
And as I leave you with this song
So long

Getting in your car
You're not so brave
You're looking back
And I'm standing here
You're not alone
And I'm mouthing word to you
Please remember to write me soon
