Blink 182 they suck and so do you.  
I hate those pricks they can suck my dick.  
Main stream punk rock its really not that hot.  
And if you think that they are cool you should be in  
grade school

Say it aint so they really blow  
They made 3 million Bux off music that sucks

Ohh no its on the song we stole this from  
it makes me so sick how can anyone like this shit.  
Whats with this lame craze 12 year old girls throw their  
bras on the stage.  
They get off at your expence it doesnt make any sence.

Say it aint so they really blow  
They made 3 million Bux off music that sucks
