Somebody shakes when the wind blows
Somebody's missing a friend, hold on
Somebody's lacking a hero
And they have not a clue
When it's all gonna end

Stories buried and untold
Someone is hiding the truth, hold on
When will this mystery unfold
And will the sun ever shine
In the blind man's eyes when he cries?

[CHORUS]

You change the world (I can't do it by myself)
You can touch the sky (Gonna take somebody's help)
You're the chosen one (I'm gonna need some kind of sign)
If we all cry at the same time tonight

People laugh when they're feelin sad
Someone is taking a life, hold on
Respect to believe in your dreams
Tell me where were you
when your children cried last night?

Faces fill with madness
Miracles unheard of, hold on
Faith is found in the winds
All we have to do
Is reach for the truth, the truth

[CHORUS]

And when that flag blows
There'll be no more wars
And when all calls
I will answer all your prayers

[CHORUS x3]

Change the world
