Oh, everybody, get down on the floor  
I love the way you shake your thing  
You make me want some more

I've had my days of standing on  
shaky ground  
I want my life so fancy-free  
I know that i can do it  
I have to let me be  
And I've had enough  
And i know what's right for me

I've done the time and I have paid  
the price  
All you have to do  
Is state my name out loud  
Forget your worries  
And let's dance and shout  
All you have to do is state my name out loud.

Oh, everybody, get down on the floor  
I love the way you shake your thing  
You make me want some more

This time I'm leaving all my  
cares behind  
I've tasted the good life and it's fine  
No more pain and strife, this life's  
waiting to be  
And I've had enough  
And I know what's right for me

I've done my time and I've paid  
the price  
All you have to do  
Is state my name out loud  
Forget your worries  
And let's dance and shout  
'Cause we're here to live so free  
I've got to let me be

Oh, everybody, get down on the floor  
I love the way you shake your thing  
You make me want some more.

Oh, everybody, get down on the floor  
'Cause i love the way you move  
Shake your thing  
You make me want some more
