There you were standing there
As your eyes reached out to me
Something warm in your eyes
Touched my heart right then and there
All the love I never knew
I found in you

Suddenly, my world stood still
My life was then fulfilled
As you gently touched my hand
I knew that we had laid a plan
For everlasting love
That I been forever dreaming of

At last, ooh, at last
My forever came today
When you walked into my life
And made my lonely life a paradise
It came today
Forever came today

Forever came today
Forever came today

As we were standing there
You didn't speak a single word
But your eyes
Your eyes said you wanted me
Your touch said you needed me
And my heart said tenderly

Darling, ooh, my darling
Make me yours
Let your kiss touch my face
And tell me love has lead me
To this place to your warm embrace
And our happiness

Thanks to you
My search has ended
And I want the world to see

How gently love has shined on me
With everlasting love
That I been forever dreaming of

At last, ooh, at last
My forever came today
When you walked into my life
And made my lonely life a paradise
It came today
Forever came today
Forever came today
Forever came today

At last, ooh, at last
My forever came today
When you walked into my life
And made my lonely life a paradise
Oh, it came today
Forever came today
Forever came today
Forever came today

At last, ooh, at last
My forever came today
When you walked into my life
