Lisa is your birthday
God bless you this day
To give me the gift to the little sister
And I'm proud of you today

Lisa is your birthday
Happy birthday Lisa
Lisa is your birthday
Happy birthday Lisa

I wish you love and good will
I wish you peace and joy

I wish you better than your heart desire
On your first kiss from a boy

Lisa is your birthday
Happy birthday Lisa
Lisa is your birthday
Happy birthday Lisa

Yeah!
