"I can touch the stars  
I can touch the sun  
feel the wind in my face  
feel the power of the Great.  
I can do everything  
as true as I exist  
I can, I can  
because you're here with me."

refrain: That's what I thought  
when I was a child  
because You were there by my side  
That's what I thought  
when I was a child  
I didn't know the evil  
likes to drink even your blood

"I can fly as angels  
I am one of them  
give me one white arch  
and I'll show to them  
and we'll show to them"

refrain: That's what I thought  
when I was a child

because You were there by my side  
That's what I thought  
when I was a child  
I didn't know the evil  
likes to drink even your blood

Can I touch the stars  
can He lift me up  
will you hold my hand  
than you can go back  
that's all I'm asking now  
just some minutes to say  
just some minutes to say  
just some minutes to say:  
That's what I thought  
when I was a child

I didn't know the evil  
likes to drink even your blood  
and the never have enough  
and they never have enough  
God will they ever have enough?
