Michael Jackson
"Keep Your Head Up"

She's looking for a job and to find a place to stay
She's looking for the hope in the empty promises
She's working two jobs keeping alive
She works in a restaurant night and day
She waits her life away, she wipes the tears away

She cries inside
Every time she feels this way
And she's dying inside
Every time her baby cries, no

Keeping your head up to the sky
Keeping your mind up, stay alive
Gimme your wings so we can fly
Keep your head up tonight

Keeping your head up to the sky
We can just rise up tell me now
Gimme your wings so we can fly

We're killing up the life in the birds and the trees
And we're sucking up the air in the earth from under
me
(It's never too late, just lean on me)

I can't even breathe, I can't even see
Keep your head up, don't give up today
How long can we wait?
I wish the love would come today

All you need is love
I tell you I know it's coming soon
And all you need is just a moment
Won't it do, keep your head up

Keeping your head up to the sky
Keeping your mind up stay alive
Gimme your wings so we can fly
Keep your head up tonight

Keeping your head up to the sky
We can just rise up tell me now

Gimme your wings so we can fly, oh my

Everybody say that time is borrowed
And hanging down your head just ain't no good
And if you dare to rise above tomorrow
Just give yourself a chance, fight the circumstance
Rise and do it again

Keeping your head up to the sky
Keeping your mind up stay alive
Gimme your wings so we can fly

Keeping your head up to the sky
We can just rise up tell me now
Give me your wings so we can fly

I need your love
I need you now
I need your light right here today
I need you now

I need your love
I need you now
I need your light right here today
I need you now

I need your love
I need you now
I need your light right here today
I need you now
