She was there just sitting at the table
Thinking now that things won't be the same
And would you like to go with me?
And she answered 'No' to me
But I guess I learned my lesson much too soon

I never thought she'd lead me here forever
But who knows just what the future brings
And would you like to go with me?
And she answered 'No' to me
But I guess I learned my lesson much too soon

Take away this neverending sorrow
Take this lonely feeling from my soul

If only I knew one thing to bring tomorrow
She'd be sitting here beside me
And my heart wouldn't be cold
Dada dada nana...

I hope to make a change now for the better
Never letting fate control my soul
And I'm hoping that my prayers will see
The day that you'll come back to me
But I guess I learned my lesson much too soon
Oohooh...

Yes I guess I learned my lesson much too soon
