No sense pretending its over  
Hard times just don't go away  
You gotta take that chip off your shoulder  
It's time you open up  
Have some faith

Nothing good ever comes easy  
All good things come in due time  
Yes it does  
You gotta have something to believe in  
I'm telling you to open your mind

Gotta put your heart on the line  
If you wanna make it right  
You've got to reach out and try  
Gotta put your heart on the line  
If you wanna make it right  
Gotta put it all on the line

You see yourself in the mirror  
And you don't like what you see  
And things aren't getting much clearer  
Don't you think it's time you go for a change, oh

Don't waste your time on the past, no, no  
It's time you look to the future, oh  
It's all right there if you ask  
This time if you try much harder  
You'll be the best that you can be

Gotta put your heart on the line  
If you wanna make it right  
You've got to reach out and try  
Gotta put your heart on the line  
If you wanna get it right Gotta put it all on the line

If you wanna make it right If you're gonna do it now  
You gotta learn to try  
You can make it work somehow  
Let love come free  
And that's just so easy now  
You gotta go for what you want

You gotta do what you got to do

Gotta put your heart on the line

If you wanna make it right

You've got to reach out and try

Gotta put your heart on the line

If you wanna make it right Gotta put it all on the line

[Repeat and fade out]
