Michael: ...But the media will take your life
Twist it around and make it all the hype

And You!
Don't even care!
And yet you know its not fair!

Lady Gaga: You paparazzi got me losing control
Michael: Losing control...
Lady Gaga: Your filthy camera's got me losing my hold
Michael and lady Gaga:

So we can't you just walk away
Leave us alone, and you won't pay

But I don't take a no for answers
Even when it comes to liquors
So stop taking such nasty Pictures

Lady Gaga:

I know this road has been long
I know that you don't care that you're wrong
But no matter what i'll stay so damn strong...
