You gotta get back every rhyme
Gonna jump back
She won't get it
I got a feeling but giving you, I
And i'm so damn
So damn glad about it

I got a feeling
That your jumping around
Gon' get back
She wont get it
I gotta feeling like jumping around
And I'm so damn
So damn glad about it

Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious
And I'm so damn glad about it

I gotta feeling
Of giving you, I
Won't jump back
She won't let it
I got a feeling
Like nothing around
And I'm so damn
So damn glad about it

She don't smoke
She don't breathe
She don't hash
She don't dope
But she's a lyer
I gotta feeling
Like nothing around
And I'm so damn

So damn glad about it

Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious
And I'm so damn glad about it

[Rap]
She's serious
Makin' me delirious
I'm curious
Next thing I know
Hittin' us
Enjoying
The animal magnetism
She's too hot to touch
Too cool for criticism
Each and every things
Like a mini movie being filmed
'Cause I'm the captain
AND HER BODY'S THE HELM
I'm shivering, quivering
I smile while i'm delivering
Get some love and passion
It's never been
so intense and spiritual like
In sence of above, against
And all off in silence
Then i scream like a man
Out of his rich
'Cause that's how serious
A serious effect is

Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious
And I'm so damn glad about it

Aouw!
She mentioned that I was
She mentioned that I was

(serious)
Jumpin' around
I gotta break down
(serious)
She's the one who get it
(serious)
I got a feeling
Like jumpin' around
'cause i'm so glad
(serious)
And I'm so damn glad about it

Serious effect on me baby
Serious on
Serious effect on me baby
Serious effect on
Serious effect baby baby
Serious effect on
Serious effect baby baby
Serious
And I'm so damn glad about it

Serious
Serious on me
Serious
Serious on
Serious
Serious on
Serious
Serious on

Serious effect on me baby
Serious effect on
Serious effect on me baby
Serious on
Serious
Serious on
Serious
Serious
