Let me show you
Let me show you the way to go

I don't know everything
But there's something I do know
(I know, I know)
I've read and heard a lot
And now I'm ready to show
That we can come together
And think like one

Come together now
Live together underneath the sun
Please, please let me show you
Let me show you
Let me show you the way to go

Follow me, my friend
Let me show you, come on
Let me show you the way to go

Just put your trust in me
I'll try not to let you down
(Let you down, let you down)
The job is hard to do
But only we can work this out
'Cause we can help each other to overcome
We can do it
We can do it now
Rejoice everybody
And get the job done

Please, please, please
Just let me show you
Let me show you
Let me show you the way to go
I swear
I'll never let you down
Let me show you
Let me show you the way to go
Let me, let me, let me

Just let me, let me show you now

Let me show you
Let me show you the way to go
follow me, follow me
Let me show you
Let me show you the way to go
I swear
I'll never let you down

Let me, let me, let me
let me, let me, let me show you...

Humm, let me show you
never let you down
never let you down
I'll never let you down

Put your hand in mine
We can do it
We can do it
we can work it out
work it out, work it, work it, work it out

Let me show you
Let me show you the way to go
(follow me, follow me)
Let me show you
Let me show you the way to go
(follow me, follow me)
