How many people will have to die before we will take a
stand
How many children will have to cry, before we do all we
can
If sending your love is all you can give
To help one live, mmm

How many times can we turn our heads
And pretend we cannot see
Healing the wounds of our broken earth
We are one global family
Just sending your prayers
Is something you feel
Helping one heal
What have I got that I can give
(What have I got that I can give, tell me)
What have I got that I can give, yeah, oh
To love and to teach you
To hold and to need you
What more can I give (what more can I give, yeah)

brother to brother, lay down our fears and reach out
and make a pact
Show him the love that is in our hearts, let us bring
salvation back
Just sending your love has the power to heal
So let's all give

What have I got that I can give
(It's not a lot to give, just a little bit)
What have I got that I can give
(Everyone should be a part of it)
To love and to teach you
To hold and to need you
What more can I give

Say the words, I'll lay 'em down for you
Just call my name, I am your friend
See then why do they keep teaching us
Such hate and cruelty
We should give over and over again

What have I got that I can give
(We should give over and over again)
What have I got that I can give
(Oh my God, oh my God)
See, to love and to teach you
To hold and to need you
What more can I give

What have I got that I can give (aah)
What have I got that I can give
(Give to you, give to you)
See, to love and to teach you
To hold and to need you
What more can I give (Oooh)

Repeat

What have I got that I can give
(Give to you, we're gonna give to you)
What have I got that I can give
To hold and conceal you
To love and to heal you
What more can I give

What have I got that I can give
(What have I got)
(Send them your prayers)
What have I got that I can give
(Show the world how much you really care)
(To love you)
To love and to teach you
(To hold you, to need you)To hold and to need you
What more can I give

What have I got that I can give...
