You don't stand another chance  
You don't stand another chance {You can't really  
stand it, baby}  
You don't stand another chance  
You don't stand another chance {Ooh}

You don't stand another chance  
You don't stand another chance {You can't really  
stand it, baby}  
You don't stand another chance  
You don't stand another chance {Ooh}

{Ooh}  
{Ooh}

Standin' at the edge of time  
A'Bout to lose my mind  
A'Cause you try to take him away from me  
But I won't let it be

You just walk into my life  
And try to take away my only prize  
But you better get ready  
A'Cause his love is right here with me

You don't stand another chance  
You don't stand another chance  
You don't stand another chance  
You don't stand another chance

He belongs to me  
Just wait and see  
I'll take him in my arms  
He's in love, in love too much with me

Nothin' you can do or say  
Could make him look your way  
So you better get ready  
A'Cause he's gonna come walkin' my way

You don't stand another chance  
You don't stand another chance {You can't really

stand it, baby}  
You don't stand another chance (You don't stand,  
baby)  
You don't stand another chance {Ooh}

You don't stand another chance (Stand)  
You don't stand another chance (You don't stand,  
baby)  
You don't stand another chance (You don't stand)  
You don't stand another chance (Another chance)

Sit and wait at home  
But leave me alone  
You'll be with him when he's up, not down  
Until the mornin' ground

Let me tell you somethin', it's true  
He's not in love with you  
So you better get ready  
'Cause there's nothin' comin' down your way

You don't stand another chance  
You don't stand another chance {You don't stand it}  
You don't stand another chance (You don't stand)  
You don't stand another chance (Another chance)

You don't stand another chance (Another chance)  
You don't stand another chance (You don't stand,  
baby)  
You don't stand another chance {Ooh} (Baby)  
You don't stand another chance

Hey  
Hey  
You don't stand  
Hey  
Hey  
You don't stand

Hey  
Hey  
You don't stand  
Hey  
Hey  
You don't stand

You don't stand {Ooh} (You don't stand)

Well, you know  
Somebody's gotta lose  
We all can't win (Another chance)

Maybe next time {Ooh}

You don't stand another chance  
You don't stand another chance {You can't really  
stand it, baby} (You don't stand, baby)  
You don't stand another chance  
You don't stand another chance (Another chance)

You don't {Ooh}  
You don't stand it  
Another chance

You don't stand another chance  
You don't stand another chance {Yeah}  
You don't stand another chance {You can't stand}  
You don't stand another chance

You don't stand (Ow, baby) {Ooh}
