"I Want You Back"

I just came to say I miss you
The way I treated you was wrong
But I was jealous I regret it
I couldn't stand it, What went wrong?

But I came to say that I feel sorry
And that I can't build wall's around us
But it's so hard to see those people
Crawling in the dirt for you

I want you back, Into my life
Cause you belong right next to me
You gotta stay, Not walk away
Cause we are sharing magic
I want you back, Into my life
Cause you belong right next to me
You gotta stay, Not walk away
Cause we are sharing magic

I'll do the best I can to show you
That our love can stand the pressure
Cause in the end there will be no-one
Who can break what we have built

I want you back, Into my life
Cause you belong right next to me
You gotta stay, Not walk away
Cause we are sharing magic
I want you back into my life
Oooohhhh Into my life

I want you back, Into my life
Cause you belong right next to me
You gotta stay, Not walk away
Cause we are sharing magic
