To a restless heart
It's been a long time comin'
For a dreamers dream
I would keep on runnin'
I know it's right to be with you, save me

One step away from the promised land
Reach out and take my hand
I need you, darlin'
Never been this close to love before
Never needed anybody more
Than I need you, darlin'

Through a lonely heart
There's a fire burnin'
And the dream of dreams
I see love returnin'
I know it's right to be with you forever

One step away from the promised land
Reach out and take my hand
I need you, darlin'
Never been this close to love before
Never needed anybody more
Than I need you

One step, one step away
I need you, darlin'
Never been this close to love before
Never needed anybody more
I need you, darlin'
I need you

One step away from the promised land
Reach out and take my hand
I need you, darlin'
Never been this close to love before
Never needed anybody more
Than I need you

One step, one step away
I need you, darlin'

Never been this close to love before
Never needed anybody more
I need you, darlin'

One step, one step away
'Cos I need you
One step, one step away
'Cos I need you

One step away from the promised land
Reach out and take my hand
'Cos I need you
Never been this close to love before
Never needed anybody more
