Yeah now
Wanna make a miracle

How many would believe that a lamb lost unto this
world?
Would be the victory that we need
As he lay beneath the shining star
Chosen before time began, eternal love from our
father

It takes a miracle
To the world it is impossible
It takes a miracle
To the mind it is illogical

A world in need, a heart in chains
That's all God needs to make a miracle
You know a soul ashamed, a life of pain
That's all my God needs to make a miracle

How does a wise man know
That it's not just another star?
How do I chose to follow
What speaks unto my heart?

It takes a miracle
How sweet the sound, my father's voice
It takes a miracle
This holy night we will rejoice

A world in need, a heart in chains
That's all my God needs to make a miracle
A soul ashamed, a life, a life of pain
That's all my God needs to make a miracle

This time has come that we might know his way
In this world a need to find our faith
To understand what we know nothing of
We lead the faith to understand the power of love

It takes a miracle
How sweet the sound, my father's voice

It takes a miracle
Holy night, we will rejoice

A world in need, a heart in chains
That's all my God needs to make a miracle
A soul, soul ashamed, a life of pain
That's all God needs to make a miracle

A world in need, a heart in chains
That's all my God needs to make a miracle
A soul, soul ashamed, a life of pain
That's all my God needs to make a miracle
