Who do you give your love to?  
Where do you drown the fire?  
It hasn't been like it used to  
Who do you give your love to?

The wind blows, are we not friends?  
There is no reason to let it end  
Until you set me down  
You say you don't love me anymore.  
I always thought that we could work it out  
To keep on loving, I had no doubt  
But it's all over town that you went around  
I think it's happening girl.

Who do you give your love to?  
Where do you drown the fire?  
It hasn't been like it used to  
Where do you cool your desire?  
Who do you give your heart to?  
Who is it that you say, yeah?  
Who do you give your love to?  
And why can't it be me?

I really think I should let it go  
I am always the last to know  
And I don't really care  
Except it's been so long.  
I'd like to think it was you and me  
We fit together so easily  
But now I can't get through to the lover in you  
You got me guessing again  
I'm wondering...

Who do you give your love to?  
Where do you drown the fire?  
It hasn't been like it used to  
Where do you cool your desire?  
Who do you give your heart to?  
Who is it that you say, yeah?  
Who do you give your love to?  
And why can't it be me?

Why can't it be me?  
Why can't it be me?

Who do you give your love to?  
Where do you drown the fire?  
It hasn't been like it used to  
Where do you cool your desire?  
Who do you give your heart to?  
Who is it that you say, yeah?  
Who do you give your love to?  
And why can't it be me?

Who do you give your love to?  
Where do you drown the fire?  
It hasn't been like it used to  
Who do you give your love to?  
(Repeat to fade)
