Sunlight blinds me in the morning  
Reflections on the ocean calling  
Old things changing for my eyes

The wind blows  
I can taste the salt that's broken  
All the dreams that I left floating  
Somewhere inside

What I've left behind before me  
In the chapter of a story  
It's opening  
So I can see how it feels to be high

[Chorus]  
All we are  
When you really think about it (all we are)  
Isn't far from reach  
How small we are  
In the glory of a moment meant to be  
We are  
All we are

Crossroads are a kind of destiny that's untold  
Could've gone a thousand ways  
But I hope I didn't mind

Oh what I've left behind before me  
In the chapter of a story  
It's opening  
So I can see how it feels to be high

All we are  
When you really think about it (all we are)  
Isn't far from reach  
How small we are  
In the glory of a moment meant to be  
We are  
All we are

And so you gotta just have some faith in yourself

[Music]

All we are  
When you really think about it (all we are)  
Isn't far from reach  
All we are  
When you really think about it (all we are)  
Isn't far from reach  
All we are  
When we really think about it (all we are)  
Isn't far from reach  
How small we areâ€¦  
In the glory of a moment meant to be  
We are  
All we are
