I know that you are scared  
But I was once scared too  
The world can be so cold  
But I have faith in you

You are not alone  
'Cause I will be right here  
To walk along with you  
To take away your fear

[Chorus]  
Don't be afraid of everything you are  
Don't be afraid 'cause you have come so far  
Don't be afraid of everything you are  
Don't be afraid 'cause you have come so far

It's written in your eyes  
It's a story just for you  
I'm not sayin' it will be easy  
'Cause you know that's not true

So look inside yourself  
And you'll know what to do

Ohâ€¦  
Ohâ€¦  
Ohâ€¦  
Ohâ€¦

Don't be afraid of everything you are  
Don't be afraid 'cause you have come so far  
Don't be afraid of everything you are  
Don't be afraid 'cause you have come so far

Standing here right now  
Standing next to you  
It all becomes so clear now  
The stories may come true  
Everything seems right now  
But we've only just begun  
The battle's almost over

But you've already won

[Music]

We're starin' into darkness  
But I'm behind you with the light  
The cries of yesterday  
Are only whispers in the night

Don't be afraid of everything you are  
Don't be afraid 'cause you have come so far  
Don't be afraid of everything you are  
Don't be afraid 'cause you have come so far

(So don't be afraid of everything, of everything you  
areâ€¦)  
Don't be afraid, don't be afraid, don't be afraid (of  
everything you areâ€¦)  
Don't be afraid, don't be afraid, don't be afraid
