Well it don't take anything to make much of anything
So you can take everything 'cause I don't need much
Look inside your movie screens and into your shattered
dreams
'Cause we all fall down when it's all done

But I could barely speak
'Bout anything at all
And it's so hard to breathe
Now I'm so cold

[Chorus]
How good does it feel
How good does it feel
How good does it feel
How good does it feel
Knowin' I could barely speak

So let go of everything and you won't need anything
'Cause you can be everything if that's what you need
And it's a fantasy, I'm back in reality
At the end of the day, there is only one

But I could barely speak
'Bout anything at all
And it's so hard to breathe
Now I'm so cold

How good does it feel
How good does it feel (are you tellin' me everything)
How good does it feel
How good does it feel (are you tellin' me everything)
Knowin' I could hardly speak

[Music]

?? unsure of this line ??
Been up to the ceilin'
And what I'm thinkin' has no meanin'
Can this be real
Between the roof and some illusive feelin'

How good does it feel

But I just can't see
Anything at all
It's so hard to breathe
Now I'm so cold

How good does it feel
How good does it feel
How good does it feel
How good does it feel

How good does it feel (how good does it feel)
How good does it feel (how good does it feel)
How good does it feel (how good does it feel)
How good does it feel
(How good does it feel)
