I sit down to write a song and I think to myself
What exactly do I want to say?
Then you come to mind like nobody else
And all the words just fall into place
When it comes to love it isn't easy at all
To put what I feel inside a simple phrase
But when it comes to you I have plenty to say
And I'd like to take this moment and make you see
Exactly what your love means to me!

You're my everything, you're my one desire
The kerosene that lights my fire
And you hold the key that sets my heart free
You're the one that makes my life make sense
My purpose, you're the evidence that there is a
God
You are, ohh, you are, mmmm!

Yeah, there was a time in my life when I wondered if I
would ever find
true love like people
Dream about, search for, hope for all their life
Yeah then you come walkin through the door of my
heart
Breaking down walls and change me forever

There aren't enough words to tell you how I feel for
you

You're my everything, you're my one desire
The kerosene that lights my fire
And you hold the key that sets my heart free
You're the one that makes my life make sense
My purpose, you're the evidence that there is a
God
You are!

Yeah I remember my life without love
And I have to say I much prefer the version with you in
it.

You're my everything, you're my one desire

The kerosene that lights my fire
And you hold the key that sets my heart free
You're the one that makes my life make sense
My purpose, you're the evidence that there is a
God
Ohhhh, you are. you are.ohhh.
