Many nights I've spent
Watching you/you're heaven sent
Waiting for a chance to make you mine
You're captured inside of my mind
I wanted you so much
Couldn't wait to feel your touch
Couldn't wait to hold you
And look you in the eyes

[Chorus]

Tonight you're mine, tonight
How could something be wrong
When it feels so right
Tonight you're mine, tonight
There's no place where you can hide
Tonight you're mine, tonight

Remember how we met
Face to face on the platform deck
Waiting for the next train to arrive
I was just wasting time
I took one look at you and knew
You'd make all my dreams come true
It was just a moment til you were in my heart

Tonight you're mine, tonight
How could something be wrong
When it feels so right
Tonight you're mine, tonight
I found a place where you can hide
Tonight you're mine, tonight

All I really want to say is
Don't you ever walk away
I want you by my side
I need you here tonight

Tonight you're mine, tonight
How could something be wrong
When it feels so right
Tonight you're mine, tonight
I found a place where you can hide

Tonight you're mine, tonight

Tonight you're mine, tonight
How could something be wrong
When it feels so right
Tonight you're mine, tonight
There's no place where you can hide
