(1 Thes. 4:3-5)

It's a bad situation, got the feeling inside
And you know it ain't right,
To be with her tonight
Your minds sayin' maybe,
And your hearts sayin' no
And your body's sayin'
"Hey, on the green light go"
Tell me man, how does it measure?
To risk it all for a little pleasure
Ain't no safe way anymore
You got people with one, two, three and four
Abstinence rules, playin' is for fools
The one who abstains is the one who's cool
There's no safe way
You say it can't happen, won't happen to you
And you think that your protected,
And invincible too
If you play with fire,
Then you're gonna get burned
Better change your desire,
Or the hard way you will learn
(REPEAT PRE-CHORUS)
(REPEAT CHORUS 2X)
