I close my eyes and I'm hypnotized by the picture I see
I may be gone but it's not long before Your visions
haunting me

I walk away and I fade to gray in my uncertainty
But when it's over, in the end, there's only one thing I
can see

(Chorus)

It's all about Your Face

It's all about Your Face

I'm round about and I'm in and out in a world without
You

I'm running as I know it all when I don't even have a
clue

I'm indecisive and compromising, in my solitude
But when it's over, in the end, there's only one thing I
can prove

(Chorus)

It's all about Your Face

It's all about Your Face
