Can we meet in the middle, for a moment please
I don't want to be guilty of spreading this disease
Only a second or a minute of your time
Will be long enough to give you a piece of my mind
No more separation
No more segregation
You say that I'm your brother
I say that you are mine
But the difference in our
Colors many times is what
Comes between us
I really wouldn't mind if we were color blind
Tell me are you listening,
Is it getting through
Love's what we're missing
And it comes from me and you
We're all flesh and blood
Trying to survive
But if we don't lose the hate,
We're Committing suicide
