(1 Thes. 4:13-18)

You're my life and salvation, you're the strength in me
You're my inspiration, you're the light that shines on
me

Although I cannot see you, I know I've always felt you
So I will follow you and believe, I will follow
You and believe

Someday, I know your comin' back for me
For the one that loves you
(the one who loves you)

Someday I know my heart and soul
Will be free

From the pain they hold on to
I'm holdin' on to someday
In times of desperation,
I'm gonna cling to you
I'll find hope and protection, In the love
That I found in you

Although I cannot see you,
I know I'll always feel you
So I will follow you and believe,
I will follow and believe

REPEAT CHORUS

When you take me away to another place
I'll be with you forever living in your grace
REPEAT CHORUS
