(Rev. 3:20)

Some people live for each other  
Some people live for themselves  
Some people steal from their brother  
Just to get a little more wealth  
We need somebody to lead people on and on  
And we need somebody who's not afraid  
But who is strong  
I think you hear me knockin'  
I know you hear me talkin'  
Tell me your not walkin', away from me  
Things ain't getting' better  
Until we change the weather  
Unless we get together, we'll never see  
Our God loves every color  
But I know He can't hang with grey  
I think He's looking for someone  
Who won't compromise what they say  
We need somebody to lead people on and on  
And we need somebody who's not afraid  
But who is strong  
REPEAT CHORUS 2X
