(Ezek. 11:19-21)

Here I am standin', standin' in a foreign land  
On my own and all alone,  
I lost my one connection  
I had it all, all before, but then I had to roll the dice  
When my numbers, numbers fell,  
I paid the price of desolation  
Take me home, take me home  
I need your love I need your touch again  
Only you can break my heart of stone  
I want you to come and take me...  
Take me home  
I've climbed the highest mountains,  
I've spent my time in valleys too  
In this maze that we call life,  
There is a strength that gets me through  
My walls may crumble and they may fall,  
But there's one thing I know for sure  
Jesus died to give me all and when I'm sick  
He is the cure  
REPEAT CHORUS 2X
