I woke up this morning and I saw the clouds above my head
And I've felt this feeling so many times before
I get so discouraged I don't want to rise up from my bed
I've got to find peace, I don't want this feeling any more
Then I'm reminded of, who helps me rise above
There is no greater love anywhere
When I'm Lonely, when I'm hurting, all I do is think of
You
I think of tomorrow, will that feeling come again
I know it will take me if I step out on my own
But I'm holding on to The One who is my friend
I've got to remember I can't face this world all alone
Then I'm reminded of, who helps me rise above
There is no greater love anywhere
When I'm Lonely, when I'm hurting, all I do is think of
You
You fulfill me, Your love heals me, then You help me
pull myself through
