Don't tell me you see right through me  
It ain't healthy I like to keep a little mystique  
You never know when you'll need some mystery man  
Coming to you  
Remember that whenever you can  
Oh whenever you can  
Old memories can keep you company  
Nobody should steal those secrets away  
You give a few to the very best of friends  
Keep the rest  
You'll be needing them again and again  
Gettin' gone, moving on  
I'm a mum as I can be  
I fall in love  
What you know  
The secrets roll right out of me  
Gettin' gone, rollin' on  
On my own as I can be  
I fall in love  
What you think  
The secrets fly right out of me  
Remember that whenever you can  
So many rules to follow  
W're already trying to find the right one to break  
It's so far getting out beyond that fence

It ain't a real one  
Remember that whenever you can  
Oh whenever you can  
Oh don't we go around in circles  
Can't see it all from where I stand  
We let go of what they say this world is  
We'll be living in a better land  
I'm gettin' gone, moving on  
I'm a mum as I can be  
I fall in love  
What you know secrets roll right out of me  
Secrets roll right out of me  
An old lady and two old gentlemen  
They waltz by me, I hear them  
As they turn and they spin  
Remember y'all, when we used to be such kids

It ain't over  
Remember that whenever you can  
Oh whenever you can  
Oh don't we go around in circles  
Can't see it all from where I stand  
We let go of what they say this world is  
We'll be living in a better land
