Hey give me a try
It is spring and I will bring you
Dreams from the morning sky and flowers from the
sand
Oh, what a smile
You made me feel I already know you
You came inside the cafe door
I couldn't move my eyes
But I know they said to you
I would like to be closer, I would love to know your
name
I've been watching your eyes and looking for signs
That you might feel the same
And if you don't make your move, well then I will
Cause I will not pass you by
Outside a storm
But in this place we'll never be warmer
Shake the raindrops from your hair
Come and take this chair
Hey give me a try
It is spring and I will bring you
Dreams from the morning sky and flowers from the
sand

But I have to say to you
repeat chorus
I was alright this morning
Then I saw her and I don't know what to do now
Should I run, should I dance her
We both know the answer
Seems to me I cannot pass her by
repeat chorus
Oh ooh I will not pass you by
Oh ooh I will not pass you, will not pass you by
Oh I knew this was gonna be my day
But I never knew you'd feel this way
I knew this was gonna be my day
But I never knew I could feel this way
I knew this was gonna be my day
But I never knew I could feel this way
I new this was gonna be my day
But I never knew you'd feel this way
