If I could, I would tell you why
The first time I saw her I could touch the sky
I turned to stone, and I could not speak
She had the ability to make me weep

Always wishing, always hoping
That she'll get the message from the bottom of my
heart
Let's together share forever
It's just a matter of time, ohh

I had to wait and just let her breathe
That's never been easy for a man to see
She moved slow and she took her time
She kept me guessing what was on her mind

Always wishing, always hoping
That you'd get the message from the bottom of my
heart
Let's together share forever
It's just a matter of time

Matter of time

Always wishing, always hoping
That you'd get the message from the bottom of my
heart
Let's together share forever
It's just a matter of time

It's just a matter of time

Ohh, let's forever be together
It's just a matter of time

It's just a matter of time
