I will run and not be weak  
Hope has come, renewed my strength  
I have found what I did seek  
And I'm ready to fly

All forgiven, all forgot  
Heaven waits beyond the plot  
Swing low, sweet chariot  
Yes, I'm ready to fly

Father come to save my soul  
Father come to make me whole  
There was a price, he paid the toll  
That gave me freedom to fly

And every battle, every war  
You will be my shield and my sword  
You know, I'm waiting on you Lord  
You'd give me freedom to fly

Watch the eagles fly  
Gonna set your feet on high  
On the wind like a dove  
Go on and fly  
In the shadow of love

Fly, fly, gonna fly

Watch the eagles fly  
He's gonna set your feet on high  
On the wind like a dove  
That go on and fly  
In the shadow of love  
Yeah, in the shadow of love

Yes, I'm watching you fly  
He set your feet on high  
On the wind like a dove  
That go on and fly  
Tow'rds shadow of love
