Oh, please reach out to me  
Open my eyes to see  
I'm running from You now  
Come rescue me somehow

Another million miles from the truth now  
I know theres peace but I can't figure out how  
To stop this race that's taking over me  
I'm under the gun I wait for You to see

Oh, please reach out to me  
Open my eyes to see  
I'm running from You now  
Come rescue me somehow, yeah

Another scar from fighting the truth now  
Has left me like a stranger to my need now  
A masquerade, a game to figure out now  
A cruel charade I cannot scream aloud

Oh, please reach out to me  
Open my eyes to see  
I'm running from You now  
Come rescue me somehow

A narrow stretch of road in the way now  
A heavy load still hanging on to me now  
I'm in a maze that I can't seem to get out  
Without a view from these shoulders of doubt

Oh, please reach out to me  
Open my eyes to see  
I'm running from You now  
Come rescue me somehow

Oh, please reach out to me  
Open my eyes to see  
I'm running from You now  
Come rescue me somehow

Oh, please reach out to me  
Open my eyes to see

I'm running from You now  
Come rescue me somehow

Oh, please reach out to me  
Open my eyes to see  
I'm running from You now  
Come rescue me somehow
