I don't know how to breathe
I don't know how to leave You
I don't know what to say
And who am I to say it anyway?

But there is always a song
And I'll try to sing along over You
I can hear it being sung
All of Heaven sings along over You

I hardly know Your name
I didn't come to save You
Your smile just broke my heart
Now You're in my heart
I know You'll never leave me

But there is always a song
And I'll try to sing along over You
I can hear it being sung
All of Heaven sings along over You

But there is always a song
And I'll try to sing along over You

Sing, sing like you've never sung
Sing for your joy to come
Sing, sing like you've never sung
Sing of my joy to come

There is always a song
And I'll try to sing along over You
I can hear it being sung
All of Heaven sings along over You

There is always a song
And I'll try to sing along over You
There is always a song
And I'll try to sing along over You
Always for You
