If they were to write about
The story of my life
They would have to mention you
With every page they'd write
There's another side to every story told

If I were the ocean
You would be the shore
And one without the other one
Would be needing something more
We are the shadow and the light

Always love me
And never leave me now
Now you are the other side of me

Always love me
Never leave me now
Now you are the other side of me

I have known the emptiness
Of feeling out of touch
And living life without you here
Would be living half as much
'Cause I've a need that only you can fill

If love was mathematical
You'd understand the sum
To the heart's equation
Where one and one makes one
And lonely equals me minus you

Always love me
Never leave me now
And now you are the other side of me

Always love me
And never leave me now
And now you are the other side of me
The other side of me
