The rush of your voice
And the heat of your lips
Feel the ice through your veins
Every moment you speak

Ecstasy rising, you sense the beat grow
Feel the pulse beneath your clothes

Turn out the lights and lay on the floor
Feel the earth shake, I know you want more

Feel the vibrations running through your skin

You're the flame of desire
Baby, you take me higher
Never let go of my trust
You're more than enough

Feel the earth tremble beneath us
The oceans between us
I'll never turn away
Baby, I'm addicted to your touch

Surpass my emotions
And free me inside
Your rapture: it captures
There's nowhere to hide
Your enigma melts and burns through my soul
Take me all, you're in control

Turn out the lights and lay on the floor
Feel the earth shake, I know you want more

Feel the vibrations running through your skin

You're the flame of desire
Baby, you take me higher
Never let go of my trust
You're more than enough

Feel the earth tremble beneath us
The oceans between us

I'll never turn away
Baby, I'm addicted to your touch

Boy, you got me hypnotized
Can't escape your eyes
Left me wanting so much more
I've lost my self control

You're the flame of desire
Baby, you take me higher
Never let go of my trust
You're more than enough

Feel the earth tremble beneath us
The oceans between us
I'll never turn away
Baby, I'm addicted to your touch
