Watchin' you work
Your wheels spinning round
I can't say that I'm
Not inspired by you

But baby it hurts
And you're letting me down
I used to be everything
This all was true
What changed for you

[Chorus]

You're kissin' my mouth
I'm kissin' the wind
Tryin' to figure it out
You're just tryin' to get in
Don't know where you're at

Don't know where you're at
I remember when
You used to be my lucky seven
Got lost inside your heaven

But now, I can't pretend
Coz you're kissin' my mouth, I'm kissin' the wind (wind
wind)

Well those were the days
Did we let them fade away

You're kissin' my mouth
Hmmm...
I'm kissin' the wind

You're kissin' my mouth
I'm kissin' the wind
Tryin' to figure it out
You're just tryin' to get in
Don't know where you're at
I remember when
You used to be my lucky seven
Got lost inside your heaven
But now, I can't pretend
Coz you're kissin' my mouth and I'm kissin' the wind
(wind wind wind)

You're kissin' my mouth
