Rain rain rainshowers  
So glad that you came  
Rain rain rainshowers  
I'm broken, I'm lame

In my mind  
I can't ease the pain  
In my mind  
I've gone all the way

Old frustrations  
Deep inside  
Won't let me be yeah  
Won't let me be

Rain rain rainshowers  
Don't know why I wait  
Rain rain rainshowers  
Help strengthen my faith

In my mind  
There's no one to blame  
In my mind  
I fight the fiery flame

Old relections  
You confide  
Won't let me be hey  
Won't let me be

Rain rain rainshowers  
How long shall I wait  
Rain rain rainshowers  
Help strengthen my faith

Touch the earth

Where you feel the pain  
Bring rebirth  
Let me live again

Good vibrations  
With mankind  
Could set me free  
So do it for me

Could set me free yeah  
Do it for me  
Yeah could set me free yeah  
Ah, could set me free  
Ah, do it for me baby  
Mmmm, yeah, could set me free  
Yeah, do it for me  
Ahh, could set me free yea, yea, yea
