Yeah...

I know you been hurtin'
But, now you got me hurtin'
I just don't understand
You say you're always looking for love
But you gotta good man right here, baby
Check it

Girl you got me hurtin'
Cause I know for certain
We can be so perfect
And I know you know that I will always be your lover
Put no one above ya
If you let me love ya
Love ya
Love ya

Girl you got me hurtin'
Cause I know for certain
We can be so perfect
And I know you know that I will always be your lover
Put no one above ya
If you let me love ya
Love ya
Love ya

Watchin' the clock as I think about you
Hoping that someday you'll let me break through
Baby, I don't know what they do that's different
But, I can tell that something's missin'
They never got ya
Like the way I get ya
I got the feelin' that they only wanna flaunt ya
Ooohh
So shawty if you come to me
I'll make ya, make ya happy

Girl you got me hurtin'
Cause I know for certain
We can be so perfect
And I know you know that I will always be your lover
Put no one above ya

If you let me love ya
Love ya
Love ya

Girl you got me hurtin'
Cause I know for certain
We can be so perfect
And I know you know that I will always be your lover
Put no one above ya
If you let me love ya
Love ya
Love ya

You pull me around when you're in between dudes
Act like we're more when you get the mood
Just come as you choose
But, if you could simply try
I'll make it so we're flying
And you know, I want you bad shorty
I'm feeling naughty-naughty
I think you see them when you let me
And I'm bout it, bout it
See I can let it go
I gotta let you know that
Ain't nobody but, me

Girl you got me hurtin'
Cause I know for certain
We can be so perfect
And I know you know that I will always be your lover
Put no one above ya
If you let me love ya
Love ya
Love ya

Girl you got me hurtin'
Cause I know for certain
We can be so perfect
And I know you know that I will always be your lover
Put no one above ya
If you let me love ya
Love ya
Love ya

You got that look in your eyes
I can tell your heart is disguised
But, I see the lies
I hope you take your time to realize
Hope that your heart is not distraught
When you find the one you desire
When it all goes wrong, yo

I'm the one to make it right
If a man could be more man than me
The one that can give you what you need
Don't you know I can reach above
Can even go to the moon
I'd cross across the sea
So think really smart
Ask what I'm giving you
I'll tell you that I'm giving you my heart
Yeah

Girl you got me hurtin'
Cause I know for certain
We can be so perfect
And I know you know that I will always be your lover
Put no one above ya
If you let me love ya
Love ya
Love ya

Girl you got me hurtin'
Cause I know for certain
We can be so perfect
And I know you know that I will always be your lover
Put no one above ya
If you let me love ya
Love ya
Love ya

And that's what it is
Can't believe what just happened
Better check your speakers
And we out...
