L. David Sloane
Leave me alone
I'm begging for a chance to forget you
So maybe I can start anew

L. David Sloane
Stay off the phone
I'm at a point where my resistance
Can be destroyed by your insistence

L. David Sloane
Give me a break
Save a girl a heartache
Let me learn to hate you
Let me tear your letters before I ever read 'em
And when the phone is ringing let me walk away and
laugh

L. David Sloane
Leave me alone
Be a really big man
For once in your life

L. David Sloane
Give me a break
Save a girl a heartache
Let me learn to hate you
Let me tear your letters before I ever read 'em
And when the phone is ringing let me walk away and
laugh

L. David Sloane
Leave me alone
Be a really big man
For once in your life

Baby
Go away
Get off my back
