Swam out to sea
To try and be me
To drown those that
Thought they could never sink

When in the deep
Weakness is easy to read

Coral blue grows in you
Coral blue tells the truth

Swam out to see
What karma would bring
It's jaws crashed down
On drowning bodies around

When in the deep
Weakness is easy to read

Coral blue grows in you
Coral blue tells the truth

When in the deep
Weakness is easy to read
When in the deep
Weakness is easy to read
When in the deep
Weakness is easy to read
When in the deep
Weakness is easy to read
When in the deep
Weakness is easy to read
