If you walk away
You take away my heart
If you walk away
All I had is gone

Iâ€™ve never found a reason for you to pretend
Youâ€™ve gotta find one more reason to stay

If you walk away
There is something left to say
If you walk away
I just canâ€™t find the words you know

Iâ€™ve never found a reason for you to pretend
Youâ€™ve gotta find one more reason to stay

Without you
(Without you)
Iâ€™ll never be the same
Can anybody take away the rust from my heart?
Without you
(Without you)
The sun will never shine
If you walk away...

If you walk away
My fears are coming back
If you walk away
Nothingâ€™s gonna be alright

Iâ€™ve never found a reason for you to pretend
Youâ€™ve gotta find one more reason to stay

Without you
(Without you)
Iâ€™ll never be the same
(Iâ€™ll never be the same)
Can anybody take away the rust from my heart?
Without you
(Without you)
The sun will never shine

If you walk away
No, Iâ€™ll never be the same
(No, Iâ€™ll never be the same)
If you walk away
Mmm, nothingâ€™s gonna be alright

Without you
(Without you)
Iâ€™ll never be the same
(Never be the same)
Can anybody take away the rust from my heart?
Without you
(Without you)
The sun will never shine
If you walk away...
If you walk away...

Without you
(Without you)
Without you... Iâ€™ll never be the same
(Never be the same)
Can anybody take away the rust from my heart?
Without you
(Without you)
The sun will never shine
If you walk away...

If you walk away...
(If you walk away...)
If you walk away...
(If you walk away...)
If you walk away...
(If you walk away...)
If you walk away...
(If you walk away...)

If you walk away...
(If you walk away...)
If you walk away...
(If you walk away...)
