Will I face another day?
I can't wait to find a way
In a world that's hard to believe in
(It's so hard to believe in)
I have nothing left to show
Never meant to leave you here
Now tell me what this fear is all about... Woah

Everyday I open my eyes and see just another day
And I know there are things I could change but I don't
That's what I want

Maybe we're just drifting apart
Like North and South or East and West
And if you turn away... Just don't let me know

'Cuz we're having fun tonight
And it's been so long since we felt like this
We're gonna hold it tight
We all know this moment won't last
But it won't be the last
It won't be the last... Mmm, hooh!

I don't wanna run after my tail all day just like a
human dog
What is love without trust in each other
You've gotta let me go

You can't turn both right and left
You can't be both right and wrong
And if you turn away... Just don't let me know

'Cuz we're having fun tonight
And it's been so long since we felt like this
We're gonna hold it tight
We all know this moment won't last
But it won't be the last
It won't be my last, it won't be your last, no...
No! It won't be our last

No!!!

Everyday I open my eyes and see...
It's just another day
(Just another day)
What is love without trust in each other
You've gotta let me go

Maybe we're just drifting apart
Like North and South or East and West
And if you turn away... Just don't let me know

'Cuz we're having fun tonight
And it's been so long since we felt like this
We're gonna hold it tight
We all know this moment won't last
But it won't be the last
No, it won't be my last
It won't be yours, it won't be our last
(It won't be the last, no...)

I've got nothing left to show
Never meant to leave you here
Now tell me what this fear is all about
...Yeah, what this fear... What this fear is all about
Ooh, will I face another day?
I can't wait to find the way
In a world that's hard to believe in...
Yeah!!! Ha, ha, ha, ha, ha, ha, ha, ha, ha, ha...
