There's something 'bout the way you looked at me
Made me think for a moment
That maybe we were meant to be
Livin' our lives seperately
And it's strange that things change
But not me wanting you so desperately

Oh, I can't ignore it
I keep givin' in but I should know better
'Cause there was somethin' 'bout the way you looked at
me
And it's strange that things change
But not me wanting you so desperately

You looked my way and said, "You frustrate me"
Like you're thinking of lines and times
When you and I were you and me
We took our chance out on the street
Then I missed my chance
And chances are it won't be comin' back from you
Oh, I cannot I ignore it
I keep givin' in but I should know better
'Cause there was somethin' 'bout the way you looked at
me
And it's strange that things change
But not me wanting you so desperately
So desperately

Oh I cannot I ignore it
I keep givin' in but I should know better
'Cause there was somethin' 'bout the way you looked
me
And it's strange that things change
But not me wanting you so desperately

I want you so desperately
I keep givin' in but I should know better
I keep givin' in but I should've known better
So desperately
I want you so desperately
